

Postdoctoral Position in Neurobiology

A funded postdoctoral position is available in the newly established group of Associate Professor Roger Pocock at BRIC, University of Copenhagen. Research in the group is focused on the effect of oxygen on neuronal development and function.

Area of research

Projects in the lab focus on the influence of oxygen on neuronal development, neuronal circuitry and behavior. We are using the nematode *Caenorhabditis elegans* as a model system to achieve these goals.

Please read more about BRIC and the Pocock Group's research on www.bric.ku.dk

Qualifications

Highly motivated, ambitious candidates with a PhD in Life Sciences are encouraged to apply. A strong background in molecular biology and genetics are required, and experience in *C. elegans* and RNA biology is desirable but not essential.

Place of employment and work

The employment is at BRIC, University of Copenhagen. BRIC is located close to the centre of Copenhagen, in the Copenhagen Biocenter. We have excellent research facilities with modern laboratories and offer excellent working conditions with exciting possibilities in a young, dynamic and international research environment.

Terms of salary and employment

The appointments are for 3 years and scheduled to start in 2010. Salary, supplement, pension and terms of employment follow the agreement between the Ministry of Finance and The Academics Central Organization. Currently, the yearly postdoc salary begins around 50.000 Euro plus pension of ca. 8.500 Euro. Depending on qualifications, a higher salary may be negotiated. Non-Danish and Danish applicants may be eligible for tax reduction, if they have not lived in Denmark the last 3 years.

For further information about the position, please contact Associate Professor Roger Pocock, roger.pocock@bric.ku.dk

Application

Applicants should submit **3 printed copies** of the application containing curriculum vitae, publication list and copies of degree certificates (MSc, PhD). Please mark the application "Postdoc Pocock Group" and send it to Associate Professor Roger Pocock, Ole Maaløes Vej 5, 2200 Copenhagen N, Denmark.

Furthermore, the applicant should provide two letters of recommendation; sent directly to Roger Pocock from the supporting persons.

Application deadline: August 31, 2009 at 12.00pm.

Only printed applications received by post and in time will be considered.

BRIC and the University of Copenhagen wish to reflect the diversity of society and welcome applications from all qualified candidates regardless of personal background.
